INSTRUCTIONS - READ CAREFULLY

NOTICE:

Your complaint is subject to dismissal unless it conforms to these instructions and this form.

1. To start an action you must file an original and one copy of your complaint with the court. You should keep a copy of the complaint for your own records.
2. Your complaint must be legibly handwritten, in ink, or typewritten. You, the plaintiff, must sign and declare under penalty of perjury that the facts are correct. If you need additional space, **DO NOT USE THE REVERSE SIDE OR BACK SIDE OF ANY PAGE.** ATTACH AN ADDITIONAL BLANK PAGE AND WRITE ON IT.
3. You must file a separate complaint for each claim you have unless the various claims are all related to the same incident or issue or are all against the same defendant, Rule 18, Federal Rules of Civil Procedure. Make a short and plain statement of your claim, Rule 8, Federal Rules of Civil Procedure.
4. When these forms are completed, mail the original and one copy to the clerk of the United States district court for the appropriate district of Texas in the division where one or more named defendants are located, or where the incident giving rise to your claim for relief occurred. If you are confined in the Texas Department of Criminal Justice, Correctional Institutions Division (TDCJ-CID), the list labeled as "VENUE LIST" is posted in your unit law library. It is a list of the Texas prison units indicating the appropriate district court, the division and an address list of the divisional clerks.

FILING FEE AND IN FORMA PAUPERIS (IFP)

original copy

2-58

1. In order for your complaint to be filed, it must be accompanied by the statutory filing fee of \$350.00 plus an administrative fee of \$50.00 for a total fee of **\$400.00**.
2. If you do not have the necessary funds to pay the fee in full at this time, you may request permission to proceed *in forma pauperis*. In this event you must complete the application to proceed *in forma pauperis*, setting forth information to establish your inability to prepay the fees and costs or give security therefor. You must also include a current six-month history of your inmate trust account. If you are an inmate in TDCJ-CID, you can acquire the application to proceed *in forma pauperis* and the certificate of inmate trust account, also known as *in forma pauperis* data sheet, from the law library at your prison unit.
3. The Prison Litigation Reform Act of 1995 (PLRA) provides "...if a prisoner brings a civil action or files an appeal *in forma pauperis*, the prisoner shall be required to pay the full amount of a filing fee." See 28 U.S.C. § 1915. Thus, the court is required to assess and, when funds exist, collect, the entire filing fee or an initial partial filing fee and monthly installments until the entire amount of the filing fee has been paid by the prisoner. If you submit the application to proceed *in forma pauperis*, the court will apply 28 U.S.C. § 1915 and, if appropriate, assess and collect the entire filing fee or an initial partial filing fee, then monthly installments from your inmate trust account, until the entire \$350.00 statutory filing fee has been paid. (The \$50.00 administrative fee does not apply to cases proceeding *in forma pauperis*.)
4. If you intend to seek *in forma pauperis* status, do not send your complaint without an application to proceed *in forma pauperis* and the certificate of inmate trust account. Complete all essential paperwork before submitting it to the court.

CHANGE OF ADDRESS

It is your responsibility to inform the court of any change of address and its effective date. Such notice should be marked "**NOTICE TO THE COURT OF CHANGE OF ADDRESS**" and shall not include any motion for any other relief. Failure to file a NOTICE TO THE COURT OF CHANGE OF ADDRESS may result in the dismissal of your complaint pursuant to Rule 41(b), Federal Rules of Civil Procedure.

Grievance Explanation

The reason why my Civil Rights has been violated with Americans with Disabilities Act is my medication was denied to me twice and I will explain why. In 2017 out of the 148th district courts Honorable Judge Guy Williams ruled me incompetent to stand trial, with having a proper Psych. Evaluation and everything. In September 2017 I went to the San Antonio State Hospital or SASH for mental health treatment, as ordered by the Judge. While I was there I was put on the Unit called FANNI. There was a PH.D. Psych. Psychiatrist, named Dr. Baisses and a PH.D. psychologist named Dr. Gray or Grey not sure how it is spelled. Well basically they called the Nueces County Jail and had told them they wanted to start me on some medication for my ADHD, and I am not sure who they talked to at the jail but they told the State Hospital I was not allowed to have that medication and that they did not want me on it. The state hospital or my Doctor, Dr. Baisses told me he did not know what to do, and that my treatment was in fact affected and that I could not get the proper medical mental health treatment. I remember him saying his hands were tied and he did not know what to do. So that night there was when my medication was first denied by Nueces County Jail. Well in December of 2017 I was bench committed

(2)

back to the County Jail Well ~~since~~ since Nueces County Jail told the hospital no about my ADHD medication the whole time I was there, the only medication I was given was benadryl and hydroxyzine. I truly ~~feel~~ feel that my mental treatment was not offered to the fullest because of the jail, and was a waste of time and also against the judge's ~~order~~ orders. The judge ordered full mental health treatment and it was not given. Well the hospital sent me back with a prescription of benadryl and hydroxyzine going back to the jail. Well as soon as I got to the jail the medical intake part of intake took my medication from me, with no reasoning, no questioning or any thing like that, they just said no I can't have it, and there was nothing I could do. I have a full blown report from the state hospital stating mental illness and everything. I told them about it and they never even looked at it or asked how to get it, they just said no. I was never looked at a medical doctor or anything. So with that being said that was the second time that my medication was denied without asking for any medical records or anything. That was the second time that my medication has been denied as a whole. If you look in the Nueces County Jail Inmate Rules and Regulations it mentions nothing about the kinds of medication they reject or anything, so I am starting to think that they are making the rules as they go along. Now it does say in the handbook

(3)

page 16, 23.02, "You will be interviewed by the nurse prior to being taken to your unit. At this time, you should provide all information about your medical/health history. This information is used to evaluate for further medical treatment when it is needed." Well with that being said I gave them my medical history and told them about my medical records, and further medical treatment was needed and it was given and they still took my medication. My medical records date all the way back to my teenager years taking psych meds. I have medical records with doctors taking psych meds with doctor's Dr. Mking, Dr. Pinkley, Fort Campbell Hwy, San Antonio State Hospital, and the crisis center in San Antonio, every thing was given and where to look it up, and it was still denied, it being my medication. I even talked to the two women from Livell path, they are the ones that deal with the medications in the jail. They told me they do not deal with some medications due to some inmates would sell it. My response is it is your job to supervise the inmates that take it, so that still does not answer my question, they need to do their job and supervise the inmates take the medication correctly. I have even talked to the Grievance Officer Mrs. Wilson about the medication, she replied that I can't have it or they don't give what I needed, I asked her why and her response was just because they don't. After that I told her exactly where to get my medical records.

(4)

and all the proof needed for the grievance and she proceeded to tell me that I was lying about everything and that I did not know what I was talking about. When in fact she was the one that lied as I don't know answer for everything. I do not appreciate being called a liar to my face without looking up paper records and documents about being being told about to look up paper information. That does not even make sense why she did that Mrs. Wilson the Grievance Officer. I am writing this official Grievance by the Texas Commission Jail Standards 283.3 in regards to investigate a problem and come to some sort of agreement which has yet to happen. I have followed all steps and procedures posted to achieve this. In conclusion I have stated all places for psych record and documents to be gotten necessary to be seen to better understand what has happened I have a life history on record to be shown.

Reply to Grievance #1163
Gregory Lewis #10124152

After reviewing all of the statements and medical records from MHID personnel and Well Path medical staff, I have based my decisions solely on what was presented to me. I have found your claims to be unsubstituted at this time due to you given adequate medical care.

Issue #1: The first issue in your grievance is that you were denied your medication Benadryl and hydroxyzine in December 2017. This said medication was prescribed by SASH for ADHD and insomnia. You are claiming that this is a violation of Americans with Disabilities Act.

Issue #1 Reply: After reviewing all the information received from our medical department the Medical Director Jodie Wilder has given an explanation as to why you were not given the medication prescribed from SASH. I find your claim to be unsubstantiated due to our facility does not treat ADHD or insomnia and you were given adequate medical treatment during your stay in our facility.

Response from Jody Wilder:

Medication for ADHD Mr. Lewis is requesting is not formulary for this facility. The medication Mr. Lewis referenced in his grievance that was taken from him was placed in property per facility policy. Inmates do not keep medications on their person. Well-Path staff do not administer private medications. Mr. Lewis did receive an initial screening interview with the RN on 03/07/2019 and a health assessment on 3/19/2019. Mr. Lewis denied any medical concerns or conditions. Mr. Lewis was seen on 4/4/19 for reported lesion. Mr. Lewis received a Behavioral Health evaluation on 5/29/19. Behavioral staff do not treat ADHD. SASH medical records are part of Mr. Lewis's medical record. Indexed to medical record on 12/18/2017.

When you were seen on May 29, 2019 by our MHID personnel you were informed that the medication you are requesting are not administered in our facility for ADHD. Our facility does not treat ADHD.

Notes from Medical Evaluation:

Records show that you were diagnosed and treated at SASH for ADHD. Medication that was prescribed to you were Benadryl and hydroxyzine.

MHID advised you that the medication that was taken are not allowed to be given other than what the medication is intended for and that your symptoms are not treated in the jail facility. Upon intake from the state hospital into the jail facility your medication was placed in your personal property and upon departure your medication was released to you. You stated to the MHID that you did not understand why you were not able to receive the medication in the jail facility. MHID again informed you that the medication was not on the formulary and even if you came in with them they cannot be given to you. You stated that you wanted evidence and policies showing that the medication was not allowed. You then stated that you did not want any services from the jail.

Issue # 2: The second issue stated in your grievance is that you did not like to be treated in a way that makes you seem as a liar.

Issue #2 Reply: On May 24, 2019 I received another request form stating that you had medication taken from you and that whoever was responding to you had no idea what was going on and that it wasn't on the right subject. I went to speak with you and you told me that this incident happened in December 2017. I advised you that according to your request forms you did not specify when this incident occurred and that we were basing your allegations on your current booking. You stated to me that the booking ladies took your medication from you when you entered the facility in December 2017. I stated that our booking ladies do not take, distribute, or handle any medication and that you were mistaken. Then you stated that you were court ordered to take said medication by SASH and that medical took your medication. I then asked that when you were released did you receive the medication that was taken from you. You in turn stated yes but that you were denied the medication in the facility. You became aggressive, so I ended the conversation and advised you that I would set you up to see our Psych doctor and investigate why you were denied said medication upon entering our facility in December 2017.

In September - December 2017, I was ruled mentally incompetent to stand trial out of 148th District Court, so on the above date I was at San Antonio State Hospital for mental treatment. While I was at SASH, I was told that a report was going to be given to the courts for the judge to see, and was mandatory for report to be given to Judge Lowell the Social Worker at SASH told me a little of what report consisted of. She specifically told me it had all my mental diagnoses and also said I was a non-violent person. Lowell Dec 2017 was bench warranted back to Tarrant County Jail, and in court my court appointed attorney Robert Valdez was asking the Prosecutor William Holt Feenster or Holt Feenster if he had received my report from SASH, which he then answered yes.

Continued on Separate
 Sheet of Paper.

1 of 2

(658)

Continuence of Explanation!

After prosecutor Holt Feenster said yes he had report, was repeatedly asked by my lawyer for a copy. Prosecutor Holt Feenster would not and did not give a copy to my lawyer and also never gave the sit in Judge at the time whose name was Judge Bonales sit in Judge out of 148th district court. Judge Bonales had no idea I just came back from SASH, he had no documentation, Holt Feenster never told the judge, or gave the judge any documentation after being repeatedly asked by my lawyer. After while at SASH the social worker told me the report said I was non-violent, Holt Feenster purposely kept report from courts, and told judge I was violent and should not be let out into society and should be sent to prison. He just blatantly lied to the judge and the courts saying I was violent when State Hospital report said I was non-violent. I was observed for three months at SASH by PhD Psychiatrist and Psychologist so why would a Prosecutor make his own mental evaluation that he has no education in and purposely disregarded what my report

2 of 2

7-18

said and lied about my mental state. William Holt Feenster told me all my charges would be run concurrent with my deferred probation I was already on, and I asked three if I was going to be convicted he and Mary Joe Gambell said no. Well I get out and my Obstruction charges which was why I was sent to hospital says Deferred Probation and all three counts are convicted felonies. I went on Public records it says 2016 Poss charges - Deferred not convicted and 2017 Obstruction charges 3 counts. Deferred and convicted. They lied to me, I addressed this situation, and now they are lying. I have phone conversations to prove, snapshots on my phone and my probation officer looked it up and saw himself. My lawyer won't address it, he says I don't work for free, and wanted to charge me \$750.00 knowing I have no money. I can prove everything.

P.S This is to Griene Prosecution Misconduct from Prosecutor Holt Feenster. I was never even asked how do I plea on the obstruction charges. Everything was done without my lawyer present.

A If possible, please write in the appropriate item judgment, I feel there was judicial misconduct, and I feel this problem needs to be addressed. This was not my fault.

To Mr. Gregory Michael Lewis:

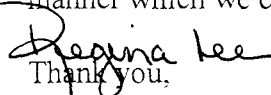

Mr. Lewis, thank you for taking the time to bring your concern to our attention here at Nueces County CSCD. We have made inquiries into your assertion that to resolve your court related issue our employee Ms. Mary Jo Gamble must seek to go before the court and change documentation submitted to your attorney and the court. In conducting a review of the charges you are advising should not show as convictions it appears you appeared in court with your legal representation and plead true to the violations. The result recorded by the court was three convictions being placed in your criminal record due to the events which took place in the court that day.

Sir once a conviction is recorded to your criminal record they only possible way to have them removed is to have them expunged in a court setting. That is a legal process for licensed law professionals; we here at probation are not duly authorized to proceed in such matters of the court. You will need to obtain an attorney and have them determine whether the charges listed as convictions are possible to expunge, not all convictions are qualifying convictions for that process.

Mr. Lewis I am unsure if your employment situation where Baker Hughes declined to hire you was a result of your conviction or you're failing to note there were convictions in your criminal history on your application. Most employers consider it to be a falsification of your application to indicate no convictions when you have them. In most instances it is noted on the application if they find out at the time or in the future they reserve the right to terminate employment. It may seem unfair but it is considered even if you did not know you should have known. Now that you know you have them it would be best to list them accurately because when the background check is completed they will surface.

There are multiple initiatives for second chance employment for those with convictions. That should make it easier in the future for your employment prospects. In an employment setting you historically will not need to disclose arrest but they will request conviction history. You should also not be required to discuss your medical history unless selected. Nueces County CSCD has addressed your issue with Officer Gamble however; because it is a personnel matter I cannot disclose the employment action taken.

Thank you again for bringing this to our attention and allowing us to resolve it in the manner which we can and best wishes in your future endeavors.

Thank you,

Regina Lee SPHR, SHRM-SCP

STATEMENT OF CLAIM:

Defendant #1, #2, #3

My name is Gregory Michael Lewis my date of birth is 1-31-82. The reason for me writing you is to explain how and when and what happened that I believe my Civil Rights were violated. I have no one to go to or have the money to help with the situation, and cannot get any answers from people that have involvement in this issue or get any resolution. I have even followed a specific step guideline grievance procedure and still cannot collect the paper form needed. Enclosed in this explanation is documents to prove grievance procedure. Well lets begin in March 2017, I caught three charges of Obstruction of Justice or Retaliation, and to this day still cannot understand how all this happened. Well in the 148th court Judge Williams ruled me mentally incompetent to stand trial.

(2)

2 of 10

So in September of 2017 I went to the San Antonio State Hospital for mental treatment. I was there from September - December 2017. Well while I was there two doctors one Doctor Baisses the Psychiatrist and Dr. Gray or Grey Psychologist and both of them had their PHTD in their practice. Well they called the jail, or Bexar County Jail and specifically told them that I needed to be on an ADHD medication and wanted to start me on it right away. Well when the two doctors called the jail, Bexar County Jail told them absolutely not and no way they were going to let me on it since they knew I had to come back to the jail. Because in December 2017 I was bench warrant back to the jail. Well since the two PHTD doctors were told no, my treatment was limited. So ~~they~~ the only medication they could give me was Benadryl and ~~Hydroxyzine~~ Hydroxyzine. Well when I was bench warrant back in Dec. 2017 to Bexar County Jail, the State Hospital in San Antonio sent me with two prescribed medications. Benadryl and Hydroxyzine. Well as soon as I got to the jail they took the medications from me and was told I was not allowed to have them. It

③

3 of 10

was a nurse I guess in Intake when you first get there. I asked why her words were because I was not allowed to have them. When they said that at that time, I did not know of formal ways to ask why or for example, grieve the process. How can you do something if you don't know about it. And of course they are not going to tell you. So actually with all that has happened so far my medication has been denied twice. There is a full report from State Hospital (SA SH) in San Antonio, no one bothered to even look at any records or documents at all that they had at hospital. So Nueces County Jail had people making medical decisions that weren't qualified enough, and also made medical ~~decisions~~ decisions without looking at any medical records. Also the forensic social worker before I left San Antonio State Hospital sent and received confirmation from the 148th courts or Prosecutor Holt Freeman three times.

Meaning report was sent three times. Well in January 2018 I started going back to the courts in the 148th, Judge Williams was since then off his seat. His temporary sit in judge was judge Brunkles. Well judge Brunkles had no idea of me ruled mentally incompetent and getting back from receiving

4 of 10

④

treatment at Mental Hospital in San Antonio. Well my attorney Robert Vela had asked prosecutor Helt Feenster if he had received report from State Hospital and if he himself Helt Feenster would give a copy to my attorney. So Judge Banales and my attorney have still not received any report or copy of report. Helt Feenster admitted to having the report State Hospital, and with my attorney Robert Vela asking for it multiple times never got to see the report. All of this took place in court, so I am sure that there are transcripts from the courts to prove what I am saying. And to this very day no one in that court in the 148th has ever seen the report. Helt Feenster purposely kept it from the courts, Judge Banales, and my attorney. He purposely kept it from the courts on purpose for what reason I do not know. I say he purposely did it because when courts asked for it he would have given the full mental report to my attorney and Judge Banales. I believe that I had an unfair sentence due to kept evidence by Helt Feenster from the courts. When I was at SASH, I was under very thorough observation from multiple psych doctors, and other licensed medical.

Saf 10

staff with proper credentials to fill fill duties for my treatment. I was specifically told by my special one on one mental medical staff group that my report was specifically for the courts, and highly important. And even to this day it was like no one ever knew of my treatment. Everything was purposely kept from the courts. I keep telling people but because I have no money no one will help me.

Why Civil Right Violations, In my eyes

1. Important evidence, facts and documentation was purposely kept from courts to make accurate judgement.
2. I feel my treatment was not to full ability to help me due to denial of medication from treatment suggested by ~~PHD~~ PHD medical doctors.

3. Medication was given to me from SASH and Nueces County Jail but from me, and had no reason or medical training to do so. American Disabilities Act

STCPS To Resolve Problem.

I have since then learned of grievance process that I had no knowledge of in the past. I have followed the proper guidelines given to obtain grievance on denial of medication. I feel this is a violation of my Civil Rights with

6.)

6 of 10

the American Disabilities Act. Since starting the ~~grievance~~ grievance procedure I have was told they don't give or prescribe the medication that SASH wanted to start me on, being medication for ADHD, for example 4 dderal and other meds as well for sleeping. SASH was already going to have it prescribed and when I returned to the county jail send it with me. All Alameda County Jail had to do was supervise me while I took it. Well the only answer I have been given is they don't prescribe it or give it, and when asked cannot give sufficient answer.

Enclosed in my statement of claim is copies of documentation following grievance procedure, and their responses. I have clearly stated multiple different times ask why was medication denied and taken from me for no reason, and without investigating my medical records before making decision. They keep putting answers that don't make sense, they are doing this on purpose and trying to avoid the situation and my questions due to what has happened. They keep accusing me of asking for narcotics, not one single time in any one request form has that ever been asked, and I have documentation to clearly show and

⑦

prove what I am trying to say. On May-15-2019 the grievance officer came to talk to me about the situation twice in one day. When she first came, being Mrs. Wilson the grievance officer for Nueces County Jail, I told her a very detailed factual event with dates of what happened and everything, and specifically told her where records of proper documentation was for everything and where to find. Well that same day a couple hours later, came back to talk to me without looking anything up, she never looked up a single report or anything. She had no knowledge of anything except what she had been told by me, and told me to my face I was lying about everything and the whole thing was made up. She especially said I was lying about the medication SASIt sent me back to jail with. Bena dryl, Hydroxyzin, my jail property records from December 2017 should show I had it, and SASIt should show it was sent with me. And the two doctors from SASIt can confirmed they called the jail and was told no. I looked in the Nueces County Jail hand book and it says nothing about medication. I have a history of Psych Meds dating back to my teenager days.

I have been on numerous medications, SASH was supposed to get me right medication that works for me with fewest side effect, I feel that was altered due to the county jail. True mental treatment was ordered by Judge Williams from 148th court, and due to Nueces County Jail it was prevented, that is how I truly felt. I went to SASH with the means of truly getting professional help I truly needed, and was not able to happen due to Nueces County Jail leading role in denial of medical expert advice for treatment in regards to medication.

My Relief!

I am hoping to get relief in that this will not happen again, and that someday I will be able to get proper mental help. I struggle a great deal with ~~not~~ not having right medication, it is hard to properly function and succeed in life when you can't get right medication. I am also hoping

to resolve my issue with Nueces County Jail.
Financial Background

I have no Financial ability to get help with this situation, I can't get a lawyer due to Financial state. My last source of income was in February 2019 from DMI services in San Antonio for a check of less than \$1000, records can be obtained. I have also sent request forms to the jail for last six months records for inmate trust account but somehow I keep getting no responses I have documentation to prove.

Conclusion

This is a written explanation entirely based on factual events that has happened. I am not an attorney so I can only provide a timeline of what happened and to help provide enough information about as much proof and evidence as possible to help with my situation. There is no fiction in this explanation what so ever, I hope to achieve the justice that I am looking for, legally by the court of law.

STATEMENT OF CLAIM:

Defendant #2, #4, #5

This I am writing is a statement of claim against defendant #2 Nueces County, #4 a Prosecutor named William Holt Feenster, #5 Mary Joe Gambell a probation officer. Holt Feenster and Mary Joe Gambell are all out of the 148th district court out of Nueces County, which is where everything that is going to be discussed and explained in this statement took place.

In March 2017 I was taken to Nueces County jail for nine different charges. Four counts of Obstruction of Justice or retaliation, four counts of terroristic threats and one

2 of 8

count of resisting arrest. I was for sure they had the wrong person, I never had any altercation, or any verbal disputes with any body. Well I only hit the high points I was ruled mentally incompetent to stand trial in 2017 out of the 148th district court by Honorable Judge Guy Williams. In September of 2017 I went for mental treatment to San Antonio State Hospital or SASH that was ordered by Judge Williams. I was at SASH from September - December of 2017. While I was there I was told that everything I did along with all mental diagnosis and all medications and all day to day behavior was put in a report at the end and sent to the courts for the judge to see. Before I left the hospital I asked my social worker what was in my report that was being sent to my courts. She tucked on just very basics, she said it had my mental diagnosis along with recommended medication to help cope, and also she said that in the report it stated that I was non violent. The fact that she told me I was non violent that was stated

3 of 8

in the report is very important. I was bench warranted back to Meigs County Jail in Dec 2017. Released by March 8 2018 I had been to court two to three times already, my lawyer Robert Vela kept ask the prosecutor for a copy of the report from SASH. The prosecutor Holt Feenster had admitted to having the report from SASH, but when asked by my lawyer multiple times for a copy for the courts he would not produce the reports. I truly believe that Prosecutor Holt Feenster purposely with held the report from my lawyer and also the judge. I don't even think that at the time ~~judge Banales~~ Judge Banales the sit in judge for the 146th district court had any idea I just came from SASH that was court ordered. Holt Feenster specifically told the judge with records to prove that I was violent and should not be let into society and should be sent to prison. So know he deliberately with held the report from the courts, he admitted to having it, and he lied to the judge and said I was violent when my

4 of 8

social worker at SASH specifically told me
 I was non-violent and was included in the
 reports. It does not make sense for a
 PHTD Psychiatrist and Psychologist who
 are medically licensed and trained to make
 a mental diagnosis, and have a certain prosecutor
 keep the report of mental state and mental
 illnesses that I have, keep from courts, and have
 a prosecutor do his own mental evaluation
 on me, when he is not even qualified. Everything
 Hilt Feenster said about me in court was
 the exact opposite of what my Psychiatrist
 and psychologist mentioned in the reports. He
 made me out to be a violent monster, who
 should be incarcerated, which mental hospital
 report concluded the opposite. Prosecutor Hilt
 Feenster and head Probation officer Mary Jo
 Gambell approached me in court before it had
 started, without the presence of my attorney
 Robert Keln who was court appointed, and
 told me what was going to happen. They told
 me with no legal representation present
 that my 3 counts of Obstruction of Justice
 charges in 2d17 were going to be run concurrent
 with my 2d16 possession charge that

SCF8

was currently on deferred probation. So the 2d b pass charge on deferred probation with no felony convictions and 2d 7 obstruction of Justice charges 3 counts could also be put on deferred probation with no felony convictions. I made sure because I asked them three times will everything be on deferred probation with no felony convictions, and they agreed with me all three times. On March 8 2018 all this happened and my probation was transferred to Bexar county in San Antonio TX. My probation officer was Gerardo Morales. Well in April or May of 2018 I applied at BJ's Services in San Antonio, and come to find out would not hire me due to felony convictions, I argued and said that's wrong according to what Hilt Feenster and Mary Jo Gamble both told me. Well I immediately called Mary Jo Gamble and told her what happened. She then started to lie and deny any of it, but said you can be convicted on deferred, I told her she specifically said I wouldn't. I even told my court appointed attorney Robert Vehn, he replied I don't work for free. He would not even address

6 of 8

the problem. I went to the Nueces County website to look up my public criminal records which I found. Here's what it said online.

1. 2d 6 poss: controlled substance
Deferred Probation no Felony convictions
2. 2d 7 3 counts of obstruction of justice or retaliation.
Deferred Probation with 3 Felony convictions.

I couldn't believe it, so with my phone I took a snapshot of it on my phone. In San Antonio I went in person to a lawyer named Nick LaHed and even showed him. I asked around and one to find out there are no Felony convictions or deferred, so why did I have them. I have told numerous people. Since I have been in Nueces County Jail I addressed this problem again with Mary Jo Gamble on the phone, with written documentation of date and time phone call was made. She basically said it's well not her problem. I told her, if I had a paid lawyer that Helt Fenster and herself would not have

7/8

gotten away with what they have
 purposely done. I say purposely done
 because, documentation and records were
 not presented to court when repeatedly
 asked and a problem was not addressed
 when brought to their attention multiple
 times. I was recently served with a
 document now showing 3 counts of
 Obstruction charges are now adjudicated
 and not on deferred. I have proof of
 evidence showing different Judgements on
 different forms of documents. Some are
 is changing things on my behalf on their own
 or as they please. So inclosed in my public
 records show everything on deferred, and now
 I have a document saying different. I have
 snapshots of the website on my phone, and
 San Antonio Probation Officer Gerardo Morales
 confirmed every thing on deferred and convicted
 as well. Now the obstruction says Adjudicated
 Someone recently took it upon themselves to
 change that. I can prove everything.

Conclusion:

Everything stated in this explanation is

8 of 8

a timeline of factual events. Everything I have stated can be proved through certain documents such as phone records, on line proof, snapshots or pictures taken on my phone, and other people that have seen and confirmed what I have said. This situation is getting worse, and after being addressed many times, nothing gets done. I am not a lawyer so I can only explain what has happened and provide proof and evidence for everything I say.

Part 3
Explanation Overall Conclusion
Part 1 + Part 2
Defendants # 1, 2, 3, 4, 5

In this conclusion of both explanations of part 1 and part 2 there have been two different civil rights that have been violated, the two civil rights are the Americans with Disabilities Act known as the (ADA), and the second civil rights or right deals with Freedom of speech.

We will discuss the first civil right violated, (ADA) this one was violated and stated is my medical history to help support. I have been on numerous different psych meds since I was a teenager to help with mental problems such as Anxiety disorder, Bi Polar disorder, ADHD. Some doctors involved are Dr. Maling, Dr. Pinkley. I have a report from the San Antonio State Hospital with mental diagnosis of ADHD and there could be more. There are also records at the Crisis center in San Antonio TX and also medical records at Fort Campbell TX. There is all types of documentation.

2 of 10

The actions that were deliberately and purposely committed against me in this document will explain why. There is a prosecutor ~~off~~ out of the 148th district court in Tarrant County TX named William Holt Feenster or also Holt Feenster. When I was bench warranted back from San Antonio State Hospital or SASH I had went back to court on more than one occasion. There was a report from the State Hospital that was sent to the courts, as stated by the Forensic Social worker at SASH she replied, it was sent and received three times with confirmation but not sent to my lawyer. While at SASH I was told the report was specifically to be seen by the Judge in his said court. I was told by my social worker at SASH the report contained all my mental diagnosis and stated that I was nonviolent. So here we are in court with my court appointed attorney Robert Kels, prosecutor Holt Feenster, Head Probation Officer Mary Jo Gambell, at time sit in Judge whose last name was Banalosa.

3 of 10

Here you will understand how I was singled out, and purposely with repeated actions had actions of multiple types of misconduct committed against me performed by numerous types of officials in the court all together at that time, and how it was all done to me because of mental illnesses I am diagnosed with and how they preyed on me because of it and did what they did to me. When everybody was in court and its session had started, my attorney Robert Kelly who did not have my report from SASI due to never receiving it asked Holt Feenster if he had received it and if he had it, Holt Feenster replied with a yes or to be exact shook his head up and down in a yes gesture as I witnessed the whole thing. After being repeatedly in asked in different court appearances Mr. Feenster would not give a copy to Mr. Robert Kelly, or the courts or presented the report to the Judge as is court ordered or by law. He deliberately kept my report from SASI on purpose, if it wasn't on purpose report would have been shown. Judge Morales

4 of 10

the whole time never even knew of my treatment at SASH. Holt Feenster never gave any type of evidence or anything if the Judge knew he would go asked to see the report. Holt Feenster then stood in front of the Judge in court session with everybody present and as transcripts would state that I was a threat to society and should not be let out in public as I am violent and should be put in prison. I was previously told at SASH by social worker that report had stated I was non-violent. So in conclusion Holt Feenster purposely held evidence of medical documents written and made up of some P.H.D doctors such as Psychiatrist by name of Dr. Baisses and Psychologist by name of Dr. Grey who in their observance had written a conclusion of Mental illnesses I had and such medications needed to treat. He purposely with held medical documents and blatantly lied about my mental state after having report on it knowing what it said deliberately gave false statements then acted as a Mental Health Specialist.

Saf 10

who he has no qualifications to act as or speak of and gave his own mental evaluation of me. In ~~at~~ conclusion, kept demands from court, lied about my mental state, and impersonated being a mental doctor with no such words to show he is was fit to do so. The main reason for his actions was he knew due to mental state I had, I would not be able to do anything about or know how to cope with situation. I was purposely discriminated against, Feaster knew of my disabilities and because of that acted on multiple different counts of misconduct which was a major violation of the Americans with Disabilities Act or ADA. All this was started as being ruled mentally incompetent to stand trial on accounts of Obstruction of Justice or Persecution in the 148th district court and court ordered treatment by Honorable Judge Guy Williams.

6 of 10

Another type or form of action that was committed against me that violated one again civil rights dealing with the (ADA) now in volves Prosecutor Holt Feenster and Head Probation officer was when they came into court and when I was there specifically stated that Case # 17FC-1179E and counts 1-3 would be on Deferred Probation and would be run concurrent with case # CR15002593-E. So after I asked Mary Jo Gambell numerous times with Feenster present which she confirmed more than once stated as Followed

Case # 17FC-1179E counts 1-3
 case # CR15002593-E

- all run concurrent and all on Deferred Probation which specifically told there were to be no felony convictions. As that was said, I was basically told that was going to happen and could do nothing about it. I was never asked how do I plea, that day I remember in court waiting to be asked how do I plea, so I could say no and opportunity never came. I told my lawyer who was present, and save me

7 of 10

attitude and what he was telling me, I had no idea of any understanding of what the hell he was talking about. Well basically I was lied to about everything about what was told. This is where the civil rights violations dealing with the ~~ADA~~ (ADA) comes in. As explained in Part 2 explanation of being deferred and arrested and was lied to violates civil rights. This situation was once again and deliberately ~~done~~ to me and I say that because after many times of addressing Mary Jo Gambell who lies about everything and Robert Kela saying I don't work for free. With proof shows nobody does anything it was done on purpose. They know I have no mental capacity to deal with everything after knowing of my mental ~~disabilities~~ disabilities they targeted me. They know I had no money either so I can't meet a lawyer to help me stop it and with unequal representation from Robert Kela they would be able to get away with their actions due to my incapacibilities. ~~All~~ That I was purposely discriminated against

8 of 10

purposely not given equal representation and purposely kept legal medical documents of my mental dissabilities from courts because there was absolutely no way anybody would listen to me or believe me. I was purposely discriminated against because of my diagnosed mental illness.

Nueces County Jail also violated my Civil rights that involves the Americans with dissabilities Act or (ADA) as well, and the whole explanation is attached to the grievance procedure form included with this packet of legal paper that deals with this.

There is one more Civil Right that was violated and that was Freedom of speech. I was charged with three counts of Obstruction of Justice or retaliation. And also I was ruled morally incompetent to stand trial with these charges and was sent to San Antonio State Hospital, there is a report from SASH in my medical records. I had went to try and tell some people about what Nueces

9 of 10

county was doing to me and they put three counts of obstruction charges on me against three people to this day I never seen met or have had any contact with what so ever. I don't ever remember who they were. I had also written the personal thought of mine in my journal about them that were negative, ~~about~~ but ~~nothing~~ nothing drastic, I never told anybody about it never showed anybody about it, I even forget that was in there and not knowing turned in for evidence. I can say whatever I choose, Freedom of speech = Freedom of self-expression with no restrictions. News County also did this knowing my mental state how they can't get along with it which violates (ADA).

So no justice was obstructed and nothing was retaliated on. I tried to tell somebody what was happening and they knew that and purposely put False charges on me.

With all this explained it is clear that News County Tail,

10 of 10

Holt Feenster, Mary Jo Gambell were all involved in deliberate display of acts that were done in misconduct and showed immoral and unethical values.

Which outcome was multiple and numerous different occasions of violation of civil rights involving Freedom of speech and Americans with Disabilities Act or (ADA). There has been falsification of legal paperwork that

Mecor County has given with records to prove and in my response from my Governor they have even lied. In my Governor response #1163 talks about me being aggressive when she lied that is not at all true there was a scene there with me the whole time that never even happened. Conversation was cut short due to she was busted calling me a liar without even taking any thing up. The response still doesn't in my eyes address the problem. The probation response from Regina Lee shows she never investigated anything the records are all there she never backed her remarks when she was covering every thing up.
